... The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowledge of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar who cannot construe the hymns of the ancient Bishis of his country.—Extract from Preface.

The middle, or large buoy, which is painted red, is laid down in six and a quarter fathoms, and marks the western limit of the anchorage for Steamers.

All sailing vessels, excepting dhonies, should anchor outside the eight-fathom line of soundings.
